

The Yahrzeit Plaque committee has been busy for several months determining the type of display of our yahrzeit plaques that we will use in our new building. The committee has reviewed many possibilities with a goal of continuing to display the yahrzeits for all plaques and to assure that our new display will be aesthetically pleasing and respectful of our legacy. **Please rest assured that our intention is to display all the names that are currently displayed at Getzville Road and at North Forest Road.**

To that end, we need your help. To finalize our choice of displays we need to know which plaques continue to have links to members in our congregation or links to members of the Greater Buffalo Community.

Attached are lists of plaques that to this point, have not been identified as having linkage to a member or anyone in the community. We ask that you take a few minutes and circle any names that you know have members in our congregation, ties to anyone in the community, or who have special links to our congregation.

Please return the completed lists to the Temple Office by March 15, 2018.

If you received these lists via e-mail, you may put a check mark next to any plaques that meet the criteria above. You may also list any names on a separate document.

Please e-mail your completed report to [plaques@btzbuffalo.org](mailto:plaques@btzbuffalo.org).

Thank you in advance for your help in the project.

Sincerely,

Lisa Wallenfels  
President
